

will be held on Tuesday, September 19, 1995, at 9 a.m. in SR-332.

AUTHORITY FOR COMMITTEES TO MEET

COMMITTEE ON ENERGY AND NATURAL RESOURCES

Mr. DOLE. Mr. President, I ask unanimous consent that the Committee on Energy and Natural Resources be granted permission to meet during the session of the Senate on Friday, September 15, 1995, for purposes of conducting a full committee hearing which is scheduled to begin at 9 a.m. The purpose of this hearing is to review S. 1144, a bill to reform and enhance the management of the National Park Service, S. 309, a bill to reform the concession policies of the National Park Service, and S. 964, a bill to amend the Land and Water Conservation Fund Act of 1965 with respect to fees for admission into units of the National Park System.

The PRESIDING OFFICER. Without objection, it is so ordered.

SUBCOMMITTEE ON TERRORISM, TECHNOLOGY, AND GOVERNMENT INFORMATION

Mr. DOLE. Mr. President, I ask unanimous consent that the Subcommittee on Terrorism, Technology, and Government Information of the Committee on the Judiciary, be authorized to hold a hearing during the session of the Senate on September 15, 1995, at 10 a.m. to consider "The Ruby Ridge Incident."

The PRESIDING OFFICER. Without objection, it is so ordered.

ADDITIONAL STATEMENTS

THE 40TH ANNIVERSARY OF ALBERT EINSTEIN COLLEGE OF MEDICINE

• Mr. D'AMATO. Mr. President, I rise today to pay tribute to the Albert Einstein College of Medicine of Yeshiva University. In October of this year they will be celebrating their 40th anniversary. The Albert Einstein College of Medicine was established in 1955 and has become one of the Nation's leading centers for medical research and education.

From an original class size of 56 students to a student body today of over 1,000 students this institution has produced a long line of outstanding graduates. Admissions to the program has always been extremely competitive and as recently as 1994, 9,000 candidates applied for 176 spots. A full-time faculty of over 1,000 teaches, delivers health care, and conducts studies in every major medical speciality and area of biomedical research. Particular areas of excellence in research for which the Albert Einstein College of Medicine is widely renown include Alzheimer's Disease, neuroscience, cancer, heart disease, diabetes, liver disease, AIDS, immunology and molecular genetics.

Congratulations to the Albert Einstein College of Medicine of Yeshiva University on their 40th anniversary. •

TRIBUTE TO MR. LARRY MURRAY ON HIS RETIREMENT AS EXECUTIVE DIRECTOR OF THE AREA AGENCY ON AGING OF WESTERN MICHIGAN

• Mr. LEVIN. Mr. President, I rise today to pay tribute to Lawrence L. Murray, Jr. In so doing, I join with the members of his community who are honoring Larry Murray on September 21, 1995, during a reception commemorating his 21 years of service and his retirement as executive director of the Area Agency on Aging of Western Michigan.

Larry is a native of Pittsburgh, PA, and a proud graduate of Duquesne University. A member of the World War II generation, to whom our Nation owes so much, Larry served in the U.S. Army Air Corps from 1942 to 1946.

Following his discharge from the service, Larry pursued a career in business and sales. In the early 1960's his work brought Larry and his family to Grand Rapids. A decade later Larry ended the first stage of his professional life when he retired as vice president of U.S. Gypsum, Inc.

With prophetic vision focusing on the challenges of a growing senior population, Larry prepared the documentation for designation which created Region VIII, the Area Agency on Aging of Western Michigan and was appointed the agency's first executive director.

Over the years Larry has led region VIII through many changes and challenges, always ensuring a continuous flow of services for older persons. He was responsible for making it the first computerized area agency on aging, and successfully obtained numerous State and Federal grants which have allowed for its expansion and success. Additionally Larry spearheaded the efforts to erect a new building for the agency that includes a state-of-the-art kitchen for its Meals on Wheels Program.

In 1986 in recognition of his outstanding leadership and many years of dedicated service, Larry was given the award for the Distinguished Area Agency Director of the United States of America.

Also active in his church and community, Larry has been a volunteer or member of many boards and organizations over the years among them: the Ancient Order of Hibernians; the Knights of Columbus; the St. Vincent DePaul Society; the Michigan Society of Gerontology, and a host of others.

Serving his country, church, and community throughout his entire life, Larry Murray has been an example to others embodying the highest ideals of his faith and his country. Mr. President I ask you along with all of my colleagues in the Senate to join with me in honoring this outstanding citizen. His legacy of unselfish service is something all should strive to emulate. •

WORLD POPULATION AWARENESS WEEK

• Mr. CAMPBELL. Mr. President, in August, Gov. Roy Romer of Colorado proclaimed October 22 to 29 "World Population Awareness Week" for the State of Colorado. I would like to express my support for this proclamation, and for population awareness activities.

I support noncoercive international family planning programs as much as possible, given budget constraints. Other countries need our support to control population growth and raise standards of living. Family planning programs help control population growth in overcrowded nations, reduce infant and maternal mortality rates, and decrease the rates of starvation and poverty. These developments in turn help lower pressures on inadequate, severely stressed health services in many countries.

By promoting long-term, sustainable economic and human growth, I believe family planning programs serve U.S. interests in environmental protection, resource conservation, global economic growth, immigration, and international stability.

World Population Awareness Week will help promote public awareness of the causes and costs of overpopulation, and effective policies to reduce population growth voluntarily and rationally.

Mr. President, I ask that Governor Romer's proclamation be printed in the RECORD.

The proclamation follows:

HONORARY PROCLAMATION

Whereas, the world's population has reached 5.7 billion and is growing at a reported rate of 100 million each year; and

Whereas, rapid population growth can overtake the capacity of human societies to provide food, housing, education, employment and basic health services and may undermine economic development as well as social, cultural and political stability; and

Whereas, population growth can place strains on the environment and our natural resources; and

Whereas, many groups will recognize October 22-29, 1995, as World Population Week to increase public awareness of what many view as a need to find a balance between population development and the natural environment;

Now, therefore, I, Roy Romer, Governor of Colorado, proclaim October 22-29, 1995, as World Population Awareness Week in the State of Colorado. •

TRIBUTE TO DEA SPECIAL AGENT ROBERT A. AIU, 1995 NATIONAL LAW ENFORCEMENT OFFICER OF THE YEAR

• Mr. AKAKA. Mr. President, it is an honor and privilege for me to rise in the well of the Senate today in recognition of Special Agent Robert A. Aiu of the Drug Enforcement Administration [DEA], Honolulu, who has been named the 1995 National Law Enforcement Officer of the Year. This is a singular honor which is awarded to but one out of the thousands of law enforcement officers of Federal enforcement agencies,

including the FBI, Bureau of Alcohol, Tobacco and Firearms, and the CIA. Agent Aiu has the further distinction of being the first to be so honored in the DEA.

Special Agent Aiu, who has served in the DEA since 1970, has been recognized and honored for his outstanding service in marijuana eradication, seizure, and forfeiture of assets derived from drug trafficking, and for the assistance he has provided to the U.S. Marshals Service in the apprehension of fugitives. Like many other law enforcement officers, he puts his life on the line in the performance of his duties and we are deeply grateful to him for his continuing efforts to make our society a safer and better place for all of us.

In behalf of the people of Hawaii and our country, I commend Special Agent Robert A. Aiu of the Drug Enforcement Administration in Honolulu, 1995 National Law Enforcement Officer of the Year, and express our deep and heartfelt gratitude to him for his exemplary performance, and selfless and untiring dedication to duty.

Congratulations and mahalo, Bob. Well done.●

SPECIAL RECOGNITION FOR SENATOR KENNEDY AND SENATOR DODD

Mr. DASCHLE. Mr. President, let me make a couple of additional points on the agreement we have reached with regard to modifying the original Dole bill.

A lot of people deserve recognition this afternoon for their contribution. I think on our side there are two Senators who certainly deserve special recognition for the contribution and leadership they have shown.

Of course, I refer to Senators DODD and KENNEDY. First on children's issues and, second, on work. On a number of the legislative provisions relating to work and job skills, they have done a remarkable job over the years and have certainly shown, again, their leadership, and the tremendous effort they have put forth to allow us the progress that we have made this week on welfare reform. But, in particular, on child care itself, it would not have been possible were it not for their work and their effort. I applaud them and publicly want to thank them for all of the help and leadership that they have given on that issue.

Let me also say we will have some time to talk about the overall agreement next week. I intend to vote for this bill. I do so with mixed feelings, frankly. I think there are many things in the bill we can cite with some satisfaction. There are many concerns that I have, as well.

I hope as people take a look at the overall context of what it is we have attempted to do, that they appreciate the difficulty that we have under any circumstances to come to agreement and to actually accomplish as much as we have done here.

In my view, it goes a long way to doing what we all want to do: fundamentally reform the welfare system. It does not go anywhere near as far in some areas as we would like it to, but that is the essence of compromise. I will have more to say on that on Tuesday.

I appreciate the good work that everyone has put forth to get us to this point this afternoon. I yield the floor.

NATIONAL POW/MIA RECOGNITION DAY

Mr. DOLE. Mr. President, just down the hall from my office, the POW/MIA flag stands in the Capitol rotunda. That flag flies as a sad, but proud, reminder of the sacrifices which brave people made in the defense of our country—in Vietnam, in Korea, and in World War II. As I am sure my colleagues know, today is National POW/MIA Recognition Day—a day for all Americans to reflect on those who faithfully served this Nation but whose ultimate fate remains unknown. America must never forget those who have gone missing in the battles to defend our freedom.

I opposed President Clinton's decision to establish diplomatic ties with Vietnam. Shortly before he took office, then president-elect Clinton said that "there will be no normalization of relations with any nation that is at all suspected of withholding any information." And while Vietnam may have selectively cooperated here and there, all signs continue to point to the fact that Vietnam is still willfully withholding information.

We are still watching the Vietnamese Government. We are still expecting total cooperation. And we will not close the book until we are certain that we have the fullest possible accounting of every American POW and MIA.

Today, let us look up to the POW/MIA flag in the rotunda, and really reflect. Many here have answered this country's call to arms, but today, let us remember those who endured a heavier burden as prisoners of war. Let us recall the pain felt by the families and friends of those who didn't come back, and those who remain missing in action.

By honoring our POW'S and MIA's, we honor the freedom and peace they defended. We can take inspiration from their example and courage from their actions. Our country is great because of these American heroes, and we cannot rest until the fullest possible accounting is achieved.

TRIBUTE TO CARL MCNEAL

Mr. DOLE. Mr. President, a few weeks ago, there was a movie on television which told the dramatic and inspiring story of the Tuskegee Airmen, who courageously fought for America's freedom during World War II.

All Senators can take great pride in the fact that a veteran of the Tuskegee Airmen worked here in the Senate for many years. His name is Carl McNeal, but everyone called him "Mac."

After 17 years in the Senate and 34 years of Federal Service, Mac has retired to spend more time with his wife, Dorothy, his six children, and eight grandchildren.

Mac McNeal has been a dedicated and valuable member of the Senate family, and I know all members join with me in wishing him many years of health and happiness.

NATIONAL WOMEN'S HALL OF FAME

Mr. DOLE. Mr. President, as my colleagues know, this year marks the 75th anniversary of the adoption of the 19th amendment to the Constitution, which granted women the right to vote.

I am proud to say that it was a Republican Congress which sent that amendment to the States for ratification. Its adoption ended a struggle that began in 1848 at a women's convention in Seneca Falls, NY.

Since 1969, Seneca Falls has been the home of the National Women's Hall of Fame. And today, the Hall of Fame announced the names of the 18 women who will be inducted into the Hall of Fame later this year.

And it is with great pride that I announce that one of those inductees will be my wife, Elizabeth.

And I hope my colleagues will forgive me if I take just a few brief seconds to congratulate Elizabeth, and to say how proud I am of her many accomplishments, and of the difference she has made throughout her life.

I ask unanimous consent, Mr. President, that a list of all 18 inductees be printed in the RECORD following my remarks.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

NATIONAL WOMEN'S HALL OF FAME ANNOUNCES WOMEN TO BE INDUCTED FOR 1995

SENECA FALLS, NY.—Nancy Woodhull, president of the National Women's Hall of Fame, today announced that the Hall would induct 18 distinguished women on Saturday, October 14, 1995. The Honors Ceremonies will be held in historic Seneca Falls, New York, the birthplace of women's rights where the first Women's Rights Convention was held in 1848.

1995 Honorees are:

Virginia Apgar (1909-1974), physician who invented lifesaving newborn health assessment measure.

Ann Bancroft (1955-), polar explorer; first woman to reach the North and South Poles across the ice.

Amelia Bloomer (1818-1894), suffragist and social reformer; founded and edited *The Lily*, the first newspaper devoted to reform and equality for women.

Mary Breckinridge (1881-1965), nurse-midwife and founder of the Frontier Nursing Service, created to provide health care in rural areas.

Eileen Collins (1956-), first woman to pilot the space shuttle.
